Evolution and trends in the Swiss LBO Market

The speakers will exchange views on the activity as well as the recent trends in the Swiss buyout market. They will provide an overview of the major developments in the market over the past 5 years in terms of leverage, structures, terms and conditions as well as market depth.

The presenters will also aim to provide a comparison of the Swiss LBO market with other European markets as well as discuss pros and cons of alternative financing structures and the key tax drivers of financing structures.
