Young SECA Event

Legal Essentials in PE Deals

What Every Investment Professional Should Know

Legal topics are part of every Private Equity transaction — yet often remain a black box for investment teams.

Join **Carlo** and **Christa** for an interactive evening tailored to **Private Equity and investment professionals at all stages of their careers**. Carlo will provide an overview of the legal building blocks of private equity transactions, including deal structuring, legal due diligence and the mechanics of SPAs.

In the second part, Carlo will be joined by Christa for an open fireside chat on how legal and investment teams collaborate in real-life deals — what truly matters in practice, where friction arises, and how legal considerations influence commercial outcomes.

The session will conclude with networking drinks at Homburger.
